ECOANALYSTS, INC. HOSTS FIELD TRIP FOR PALOUSE PRAIRIE STUDENTS

FOR IMMEDIATE RELEASE

MOSCOW, ID -- EcoAnalysts, Inc. hosted over 20 students from the Moscow Palouse Prairie School Wednesday for a field trip based around water quality.

The crew of EcoAnalysts taxonomists provided a platform for the 5th and 6th graders to observe and learn how scientists use macroinvertebrates to test water quality.

Bugs and other creatures from local Palouse streams and water sources filled microscope lenses and helped the students understand the water in this region.

The field trip successfully provided Palouse Prairie students with a chance to become taxonomists for the day, along with a behind-the-scenes look at the EcoAnalysts lab.

For questions or inquiries, please contact Candace Lowe, EcoAnalysts, Inc. at (208) 882-2588 x80 or clowe@ecoanalysts.com.
