

ECOANALYSTS, INC. TAXONOMIST WINS PHYCOLOGICAL SOCIETY PRESCOTT AWARD

FOR IMMEDIATE RELEASE

MOSCOW, ID -- EcoAnalysts Algal Taxonomist Ionel Ciugulea took home the prestigious 2011 Phycological Society of America Gerald W. Prescott award last week.

Ciugulea won the award for his recent book, *A Color Atlas of Photosynthetic Euglenoids*, published in 2010. He accepted the award at the 2011 PSA annual meeting on Saturday, July 16 in Seattle, Washington.

The Prescott is the highest award given to a book in the field of phycology, the scientific study of algae. The award is given to recognized scholarly works in English devoted to phycology and published within the last two years in the form of a book or monograph. Recipients chosen for the award are determined by the G.W. Prescott Award Committee.
